

MC 1330 (HL Odor Redux)

SULFIDE ODOR CONTROL

Description: HL ODOR REDUX is a unique odor control chemical and environmentally safe to use in waste water that goes into sumps, treatment tanks or holding tanks.

Benefits:

- Contains no oxidants
- Non corrosive to ferrous and non ferrous metallurgy in dilute form
- Rapidly removes H₂S odor while leaving a fresh scent
- Manually applied or can be applied by automation.

Physical Properties:

Appearance: Clear Light Yellow Liquid
Density: 8.3 lb/gal
pH (as is): 7
VOC: None
Solubility: Miscible in water

Usage: Typically used between 1 – 2 gallons/1000 gallons waste water. Use as needed for H₂S odor control.

Safety: Read and understand label and Safety Data Sheet (SDS) for complete listing of hazards, precautions, first aid statements, and storage and handling information.
